## **Army Corps seeks public comment on environmental document for proposed recreation development at Lewisville Lake**

The U.S. Army Corps of Engineers is currently accepting comments on an environmental assessment (EA), a National Environmental Policy Act document, for proposed water-related recreation development at Lewisville Lake.

This EA, tiered to the Lewisville Lake Programmatic Environmental Assessment which was finalized in Sep. 1999, analyzes the environmental impacts of proposed water-related recreation development activities that fall within the carrying capacity established in the PEA. This carrying capacity policy set a limit for the number of boats and other vessels on the lake by limiting the number of wet slips and dry stack storage spaces at marinas and parking spaces associated with boat launch ramps.

The Corps will be accepting written comments from the public concerning the EA until August 27, 2000. Copies of the EA are available for review at the following locations:

U.S. Army Corps of Engineers, Room 3A14, 819 Taylor St., Fort Worth  
Lake Dallas City Hall, 303 Alamo St.  
Lake Cities Library, 302 S. Shady Shores  
The Colony Parks and Recreation Center and City Manager's Office,  
5151 N. Colony Blvd.  
Public Library, 6800 Main St.  
Hidden Cove Park, Route 2, Frisco  
City Hall, 101 Hardwicke, Little Elm

For more information, contact Ms. Marcia Hackett, NEPA Technical Manager, at (817) 978-6392.
